DON'T WANT A MERCEDES-BENZ?

If you elect not to get a Mercedes-Benz, you have the option of earning a \$300 monthly cash bonus instead.

CAR QUALIFIED VOLUME - Car Qualified Volume (CQV) is your Personal Group Volume plus the Personal Group Volume of the first Director in each leg below you, based on their recognition rank. (CQV is calculated without Dynamic Compression.)

FAILURE TO MAINTAIN CAR QUALIFICATION - A 1-Star Car Qualified Gold Director (or higher) who misses one month of car bonus qualification does not have to go through another two-month requalification period. However, should two consecutive months of qualification be missed, the Distributor must meet all original car qualification criteria—including the two-month “paid-as” period.
